
Health & Safety General Statement of Intent

Atlantic Geomatics (UK) Ltd is committed to achieving the highest reasonably practicable standards of health, safety and welfare for all its employees, customers, visitors and those working on behalf of the company. To achieve this the company will apply all reasonable practicable means to eliminate accidents and hazards in or arising from its activities and create and maintain safe and healthy conditions of work.

As a minimum standard, the company will comply with the Health and Safety at Work Act 1974, Construction Design and Management (CDM) Regulations 2015 and all other relevant legislation, regulations and approved codes of practice. They will also provide safe systems of work, safe plant and equipment, a safe working environment and safe use, handling and storage of articles and substances.

The Managing Director has overall responsibility for the health and safety of all employees of the company whilst at work. He will ensure the organisation and arrangements for the implementation of the Policy are maintained and that these objectives are given equal importance to other objectives of the company. He will also ensure that adequate financial and physical provision is available to implement and maintain the requirements of the Policy.

The implementation of the Health and Safety Policy involves all employees. Every employee has a duty to act responsibly and do everything possible to prevent injury to themselves and others who may be affected by their acts or omissions. The success of this Policy depends upon the active co-operation of all employees in fulfilling their responsibilities for health and safety and assisting others to fulfil theirs.

Effective communication is essential for the achievement of high safety standards and good communication involves the flow of information in all directions throughout the company.

This Policy will be reviewed annually and will be revised as often as is considered appropriate.

ORGANISATION AND ARRANGEMENTS

The organisation and arrangements for the implementation of the Health and Safety Policy are detailed in the document entitled:

Health and Safety Policy V7.4

Signed:

Oliver Viney

(Managing Director) Date: 11 April, 2018
